*South Carolina Bibliographies No. 31* is the ninth number of an annual short-title checklist of the publications of the departments, institutions, and other agencies of the state of South Carolina.

The Checklist is compiled from individual lists furnished by the publishing agencies and from copies of the publications furnished by the same sources. Though every effort has been made to produce a Checklist free of error, in some instances the lists furnished by the agencies have not been entirely exact. For this reason, it is not to be expected that the Checklist is entirely complete or accurate. An appendix is provided for titles omitted or incorrectly recorded in previous numbers.

The publications are listed alphabetically according to the names of the issuing agencies, the name in each case being that which appears in the title of the publication. Whenever the information is available, the entry gives the name of the publishing agency, the title (frequently in short form), the name of the personal author or editor, the volume or other serial number, the date of publication, the number of pages and the price (if any).

---

**Orders for copies of state publications** must be sent to the publishing agencies except in the case of the *Acts and Joint Resolutions* (published by the Code Commissioner) and the *Journals* and the *Reports and Resolutions* (published by the General Assembly). These publications are distributed by the State Library.

*Reports and Resolutions* is a collection (usually in two volumes) of the annual reports of state agencies originally issued as separate publications.

Copies of the Checklist may be obtained without charge from the
